VINEYARD INFORMATION

High above the Napa Valley floor in the Mayacamas Mountains, our Cloud's Nest Vineyard embodies the greatness of the Mt. Veeder appellation. This high altitude vineyard is incredibly steep with gravelly soil, and like all our vineyards, must be patiently farmed by hand. Its cool, eastern exposure allows for extended hang time, which imbues the grapes with greater complexity and character.

2015 GROWING SEASON

Universally speaking, 2015 produced lower yields but excellent quality and concentration. Due in part to the drought, but more so an extended period of cool weather during the bloom period in May and June, our grape clusters were on the lighter side and our berries stayed smaller with thicker skins. The consistently warm summer led to slightly earlier-than-normal ripening on the valley floor and high-stress conditions in our mountain vineyards. The resulting wines are beautifully fruity and focused with terrific acidity.

WINEMAKER COMMENTS

"The 2015 Cloud's Nest Cabernet Sauvignon has a dark purple color, smells powerful and showcases complex aromas with concentrated currents, dense black berry, black cherry and dark fruit. There is some baking spice, such as cinnamon, clove and anise, as well as cedar and cigar box characteristics. The pallet is dense and luscious. It coats the mouth with big black fruits and lively, firm tannins with a long and mellow finish." —Mario Monticelli
